Section.....

Date:

Time :60 m

Total marks :30

**Reading (5)**

**Question 1: Read the passage then answer the following:**

Animals talk to people in different ways and some people learn to understand. Koko is a very intelligent gorilla. She lives with some scientists in the United States. She knows about one thousand signs and she understands about two thousand words in English. Many animals, like dogs, cats and elephants, make a noise to communicate and some animals communicate over a long distance. Whales make a sound like singing and the noise travels hundreds of kilometres under the sea to other whales. Some animals communicate in other ways. Bees dance when they find food. Then other bees know what direction to go in.

**A-answer the following: 1**

**1. How many signs does Koko know?**

.....

**2. How do whales communicate ?**

.....

**B-Put ( ✓ ) or false ( ✗ ) next to the sentences : 1**

2.The opposite of stupid..... The same meaning of speak.....

### Reading (5)

Question 2:Read the following passage then answer the questions.

Technology has changed how we live. Today large thin TVs hang on walls. Computers sit on desks at home, school, and work and in many other places. In cars, a box can speak to the driver to tell him where to go. We can use our mobiles phones to listen to music, take photos, watch TV or films and talk to people. What about the future? How will technology change the life of children? One thing we can be sure about – there will be many more computers in the next decades. Some scientists say there will be no schools in the next century. Children will stay at home and have their lessons on computers.

A- Read and mark the sentences true ( ✓ ) or false ( ✗ ) (1)

1. ( ) In the past , people used their mobiles to take photos .

2. ( ) Technology has changed how we live .
