Our school trip

By Huda

We were at the Children's Museum from nine o'clock to one o'clock. My friends and I enjoyed it very much. My mother and father are going to take me there again in the holidays. I'm going to show them my favourite part of the museum. It's in the 'stars and space' room. You go inside a little planetarium and look up. Then you can see the planets and lots of stars it's great. I liked the museum shop too. I bought a book about the planets. My favourite planet is Jupiter. It's the biggest planet and it's got more than 50 moons! Jupiter is very colourful but I think the Earth is the most beautiful planet.

We're going to have some lessons about space next week. We're going to learn about the planets and we're going to look at some models and draw some pictures. I like this subject.

1. They stayed at the museum all **morning**.
